SVKM NMIMS
Global University

HEY,

DEAR READERS

We are proud to present the November edition of the official monthly e-magazine of SVKM's NMIMS Global University, Dhule, a creative space shaped by the passion and vision of the Social Media Committee. As the year moves forward, this edition captures the energy, milestones, and evolving stories that define our campus life.

More than a publication, this magazine is a collective voice—by the students, for the students. It celebrates achievements big and small, showcases creativity in all its forms, and gives space to ideas that deserve to be heard. We encourage every member of our community to participate and contribute, making this platform richer with every page.

This November, as we pause to reflect and look ahead, let this magazine continue to be a bridge beyond classrooms—connecting thoughts, talents, and experiences. Together, let us celebrate not just what we accomplish, but the spirit that brings us together as one dynamic NMIMS Dhule community.

SVKM President's Message

Our significant journey in the field of education started in the year 1981 when Shri Vile Parle Kelavani Mandal (SVKM) established the now world famous, Narsee Monjee Institute of Management Studies (NMIMS) in Mumbai. This was done to cater to the growing demand for management education in our country. The management institute was accorded the Deemed to be University status in 2003 by the Government of India on UGC's recommendation. This was in recognition to NMIMS' contribution to management education, industry and institution building.

WHAT'S *INSIDE*

- 01 Sustainable Waste Solutions
- 02 Faculty Achievements
- 03 Academic Exams

FUTURE

Sustainability

As part of the Local Waste Management Systems final project, SYBBA students had the opportunity to present their ideas before a qualified and experienced jury, Mr Anurag Chandak on 15.11.2025.

The students showcased innovative and socially relevant ideas, including business opportunities emerging from waste management, policy suggestions to address persistent waste-related challenges, and the importance of early childhood education in building sustainable waste practices. Other notable presentations included a concept for a self-segregating high-tech dustbin and a feasible, scalable, and replicable policy proposal aimed at clearing Dhule's central waste dump located in the heart of the city.

Mr. Chandak's valuable feedback and practical insights greatly enriched the learning experience and encouraged students to think critically about real-world waste management solutions.

ABOUT THE BOOK

Money Moves: Strategic Finance for a Fast-Changing World takes readers on a journey through the evolution of finance — from traditional principles to the digital, data-driven, and ethical realities of today's global economy.

Across ten insightful chapters, this book explores how strategic finance shapes business decisions, fuels innovation, and ensures sustainability in uncertain times. It connects financial theory with real-world practice through case studies, analytical tools, and forward-looking perspectives on FinTech, AI, risk management, ESG investing, and global financial strategy.

Whether you are a student, professional, or leader navigating modern finance, this book offers the clarity, context, and confidence needed to make informed financial decisions in a world where change is the only constant.

Strategic. Ethical. Global. Digital.
Finance is no longer just about managing money—it's about mastering transformation.
